

Fullstack Engineer (focus frontend)

Responsibilities

You are responsible for the development of our websites workboat.ai and portcall.ai. The main focus is on the frontend but you also will implement some backend and api functions. You work together with our experienced team of backend & hardware engineers and you develop market leading web applications.

Required skills

- React Javascript Framework
- Python
- Linux (Ubuntu)
- APIs with Rest and GraphQL
- Experience with front end development, HTML, JS, CSS, NodeJs, Polymer, Angular
- Experience with Docker
- Kubernetes, GitFlow or other Continuous Integration tools.
- AWS Services
- High Standards for code quality, maintainability, testing and performance.
- Good English level (spoken and written)
- Passion for software development and great interest in new technologies

Would be a big plus

- Experience with time series databases InfluxDB, Postgres PostGis
- Interested in SDR, Shipping & AiS
- Experience with Agile and comfortable working in a lean start-up environment.
- Experience with Microservice architectures.
- Knowledge of Big Data technologies: Hadoop, Elastic Search
- Know How about IoT, Raspberry,
- AWS or similar cloud based architecture know-how

We offer

- Assistance in a dynamic international team
- Opportunities to learn about the latest Big Data & Webtechnologies
- Wide scope for implementing creative and innovative ideas
- Many opportunities for career-related development plus participation in conferences, conventions and trade fairs
- Regular team events (e.g. "Friday Lunch")
- Fitness program – reimbursement for approved gym, yoga, sports equipment, etc.
- SUP, Kite and Windsurfing opportunities
- Support with visas, resettling, accommodation and establishing yourself in Hamburg

Application

If you fit our profile and if you want to accept the challenges, we can offer you a number of opportunities. Please send us your CV and application in English or German to jobs@maritimedatasystems.com or <http://www.maritimedatasystems.com/career/>

about us
